PROFESSIONAL SUMMARY

Goal-oriented Frontend Developer with 3 years of experience building responsive, user-centric web applications using React.js, Next.js, TypeScript, Tailwind CSS, and Redux Toolkit. Skilled in translating UI/UX designs into clean, maintainable code and optimizing performance across devices. Committed to continuous growth and delivering high-quality, scalable solutions.

SKILLS

Frontend: HTML5 | CSS3 | JavaScript | Typescript
Tools: Git | GitHub | Figma | Notion

Frameworks & Libraries: React.js | Next.js | Tailwind | Material UI | Redux Toolkit
Soft Skills: Problem-solving | Adaptability | Communication | Leadership

WORK EXPERIENCE

Ace Initiative Hub   **Frontend Developer**   **10/2024 - Present**

Technologies: React.js, Next.js, *JavaScript & Redux Toolkit, Material UI, Chart.js*

• Developed a healthcare platform that improved recruitment, attendance tracking, and payment processing by 35% while reducing data loss and operational inefficiencies by 28% in a healthcare company.
• Converted core API integrations from Axios to Redux Toolkit, reducing page load times by 22% and system downtimes by 20%, which significantly improved platform stability.

Headstarter   **Frontend Engineer (Fellow)**   **07/2024 - 08/2024**

Technologies: *React.js, Next.js, Firebase, OpenAI, Vercel*

• Led a team of 3 to develop and deploy 5 AI-driven projects within 7 weeks using React.js, Next.js, Firebase, OpenAI, and Vercel.
• Participated in weekly mentorship sessions with engineers from Google, Y Combinator, Stanford, Amazon, and top venture-backed startups, gaining insights into industry best practices and emerging technologies.

TIIDELab   **Frontend Developer (Intern)**   **06/2023 - 12/2023**

Technologies: *React.js, Tailwind CSS, JavaScript, Trello*

• Co-developed an Electronic Health Records (EHR) system designed to improve health information exchange, resulting in an increase in data accessibility and a 35% reduction in manual record errors.
• Co-developed an attendance tracking website to efficiently monitor employee and student performance, increasing attendance accuracy by 30%.

PROJECTS

Fhemfel Group

An all-in-one, cross-functional web application that integrates a real estate platform, an apartment and travel booking system, and a laundry service website.
• Implemented a real-time chat system that enhanced customer engagement, leading to a 15% increase in client retention.
• Developed a fast and reliable transaction system that reduced transaction processing time by 40% and increased platform efficiency.
• Engineered a scalable API integration using Redux Toolkit, reducing redundant API calls by 30% and improving data synchronization speed across multiple dynamic pages.

EDUCATION

Lagos State University   **BSc Biochemistry**   **02/2019 - 05/2023**

Grade: First Class Honours

HONORS & AWARDS

• **Lagos State University Scholar Award for Academic Excellence**: Issued by Lagos State University
• **Intellect of the Year**: Issued by the Department of Biochemistry, Lagos State University

CERTIFICATIONS

• **Elements of Artificial Intelligence,** *University of Helsinki*
• **Jobberman Softskills Training,** *Jobberman*
